Editor-in-chief: Lewis A Chodosh

Vol 10 Suppl 3 July 2008

Symposium Mammographicum 2008

Lille, France

6-8 July 2008

Abstracts

Contents

ORAL PRESENTATIONS

- 1 **Prognosis of small screen-detected invasive breast cancers**
I Ellis
- 2 **Positron emission tomography in breast disease**
B Sharma
- 3 **Ultra-small iron particle-enhanced magnetic resonance imaging of axillary lymph nodes in breast cancer**
TH Helbiech
- 4 **Ultrasound elastography**
G Rizzato
- 5 **Minimising surgical treatment of early breast cancer**
R Rainsbury
- 6 **Minimising oncological treatment of early breast cancer**
J Yarnold
- 7 **Promoting early presentation of breast cancer**
AJ Ramirez
- 8 **Magnetic resonance imaging of ductal carcinoma *in situ***
C Kuhl
- 9 **Introduction to proton (¹H) magnetic resonance spectroscopy of the breast**
L Bartella
- 10 **Magnetic resonance imaging in breast cancer: results of the COMICE trial**
L Turnbull
- 11 **Three-dimensional mammography**
MJ Yaffe
- 12 **CADET 2 results/computer-aided detection update**
F Gilbert
- 13 **Contrast enhanced and dual energy mammography**
MJ Yaffe
- 14 **Lesion size is a major determinant of the mammographic features of ductal carcinoma *in situ*: findings from the Sloane Project**
A Evans, K Clements, A Maxwell, H Bishop, A Hanby, G Lawrence, O Kearins, S Pinder
- 15 **Evaluating tumour response to primary radiochemotherapy in breast cancer patients: what role for breast magnetic resonance imaging?**
F Thibault, MA Bollet, A Tardivon, C Malhaire, G Zemmour-Elfersi
- 16 **Evaluation of the diagnostic value of high temporal and spatial resolution morphologic, dynamic, spectroscopic and diffusion-weighted magnetic resonance imaging in patients with breast lesions at 3 T**
K Pinker, W Bogner, S Gruber, P Szomolanyi, G Grabner, G Heinz-Peer, T Helbich, S Trattnig
- 17 **Ultrasound-guided axillary node core biopsy in the staging of newly diagnosed breast cancer**
P Britton, A Goud, S Barter, A Eleti, A Freeman, M Gaskarth, P Moyle, P Rajan, R Sinnatamby, J Slattery, E Provenzano, S Pinder, S Godward, G Wishart
- 18 **Medico-legal issues in breast imaging**
HN Purushothaman, JC Morel, E O'Flynn, ARM Wilson, MJ Michell
- 19 **Is it feasible to train diagnostic radiographers to deliver a psycho-educational intervention to promote early presentation of breast cancer amongst older women? A pilot study**
C Burgess, P Whelehan, L Omar, L Tucker, L Kedge, A Ramirez
- 20 **Two systematic reviews to compare effects of double reading and computer-aided detection on both cancer detection and recall rate**
PM Taylor, HWW Potts
- 21 **Interval cancer developing within 3 years after recall to assessment: a review of the South East Wales cases**
JF Brook, J Evans, K Gower Thomas
- 22 **How does the location of a satellite screening site affect uptake?**
LS Wilkinson, S Hudson, J Peterson
- 23 **Would male radiographers have an impact on breast screening programme performance?**
P Fitzpatrick, A Winston, T Mooney
- 24 **The first two years of digital mammographic screening in New Zealand**
J Walker, R Beedie, A Cave
- 25 **Should prior film mammograms be digitised during the transition to digital mammography?**
S Taylor-Phillips, MG Wallis, AG Gale
- 26 **The future of breast radiography: European perspective**
H Rijken
- 27 **The future of breast radiography: UK perspective**
P Whelehan
- 28 **Comparison of practitioner and assistant practitioner mammograms**
A-M Fretwell
- 29 **Assistant practitioner job satisfaction and retention**
S Sellars
- 30 **Can we manage B3 lesions better?**
S Pinder
- 31 **Comparison of vacuum biopsy systems**
R Wilson
- 32 **Follow-up results after vacuum excision**
L Hamilton
- 33 **Full field digital mammography: which equipment?**
KC Young
- 34 **Quality assurance of full field digital mammography**
R van Engen
- 35 **Breast tomosynthesis in practice**
I Andersson

POSTER PRESENTATIONS

- 36 **Accuracy of preoperative size prediction in infiltrating lobular carcinoma: comparison of mammography, ultrasound and clinical examination**
F Canavan, B Atlas, A Sever, P Mills
- 37 **Vacuum-assisted breast biopsy: comparison of three systems**
F Canavan, AR Wilson, MJ Michell, D Evans, C Peacock, R Wasan, A O'Grady
- 38 **Columnar cell lesions with atypia: radiological features and surgical outcome**
F Canavan, MJ Michell, N Dutt
- 39 **Breast biopsy pathology request forms: are the radiologists completing them correctly and legibly?**
L Neville, N Ridley, S Taylor, J Armstrong, J Cook
- 40 **Breast screening assessment clinics: as easy as ABC**
S Taylor, N Ridley, S Brown, N Gillhespy
- 41 **Can computed tomography replace nuclear medicine scans in the staging of breast cancer?**
N Ridley, S Taylor, R Young
- 42 **Audit of a radiographer/nurse-led family history breast cancer clinic**
SA Willson, R Edwards, J Reeves, PA Middleton, AM Klidjian
- 43 **Breast cancer in young identical twins**
SA Willson, PA Middleton
- 44 **A practical perspective of computerised radiography on a mobile screening van**
A Turnbull, B Young, K Hayer, J Bacon, J York, S Farmer
- 45 **Comparison between the NVQ Level 3 in Diagnostic and Therapeutic Care and the BTec Professional Development Certificate for assistant practitioners in imaging: the Derby experience**
M Cross, R Riley, T Bluck, D Samra
- 46 **The seated mammographer: a radical improvement in ergonomics**
JR Lavell, J Burkitt
- 47 **Only skin deep: a pictorial review of skin and subcutaneous lesions**
P Moyle, M Hunt, P Britton
- 48 **Interval cancer data collection within the South West Quality Assurance Reference Centre**
E Kutt, F Johnson, D Harker
- 49 **Abstract withdrawn**
- 50 **Metastases to the breast**
J Arora, C Betancourt, D Dalgliesh, D Goddard
- 51 **Predicting the presence of invasive carcinoma from the extent of mammographic malignant microcalcification and grade of ductal carcinoma *in situ* on core biopsy: results from a National Health Service Screening Programme**
EAM O'Flynn, JC Morel, J Gonzalez, H Purushothaman, D Evans, R Wasan, MJ Michell
- 52 **HILINA: minimising the breast compression time at stereoguided biopsy**
GP Naisby, H Harris, K Robson
- 53 **Consensus approach to discrepancies arising from independent double reading of screening mammograms**
R Hiscock, G Hurst
- 54 **Evidence to support the use of ultrasound in addition to mammography as part of breast cancer follow-up surveillance**
SN Andrews, DJ Ferguson, JM Dunn, RR Davies, MJ Cooper
- 55 **Abstract withdrawn**
- 56 **The developing role of mammographers in performing sentinel node injections in a specialist breast care centre**
A Kelly, AM Kelly, J Kopman
- 57 **Large-volume Mammotome biopsy may reduce the need for surgery in screen-detected papillary lesions**
PJ Carder, P Burrows, ST Dennis, N Sharma
- 58 **Significance of new benign densities seen on screening mammograms of women older than 60 years of age**
C Bradley, A Rahman, A Hubbard
- 59 **Abstract withdrawn**
- 60 **Digital breast screening: does it do what it says on the tin?**
A Teape, A Connors, P McLarnon
- 61 **Derby results and practical experience of breast imaging in women following supradiaphragmatic irradiation for Hodgkin's disease**
AE Turnbull, M Bagnall, S Puri, M Persic
- 62 **Maximising round length in a large National Health Service breast screening unit**
BA Eckersley, S Berry, R Robertson
- 63 **Radial scars: to excise or not to excise?**
A Moorhead, JE Murray, AM Gilchrist
- 64 **Infection control in the mammography units of New South Wales, Australia and the Republic of Ireland**
D O'Leary, J McCrann, A Poulos, S Lewis
- 65 **Additional application of ¹H-spectroscopic (3D-MRSI) and diffusion-weighted magnetic resonance imaging (MRI) in breast MRI at 3 T: is there a diagnostic value in comparison with high temporal and spatial resolution morphologic and dynamic MRI in patients with breast lesions?**
K Pinker, S Gruber, W Bogner, G Grabner, P Szomolanyi, T Helbich, G Heinz-Peer, S Trattnig
- 66 **Study of the availability of digital mammography for premenopausal women in the Valencian Breast Cancer Early Detection Program**
M Ramos, R Tortosa, V Gonzalez, G Verdú, JI Villaescusa
- 67 **The West Midlands screening histories results**
K Martin, E O'Sullivan, O Kearins, G Lawrence
- 68 **An audit reviewing the management of fibroadenomas with the advent of Mammotome in the breast unit in Bradford**
ST Dennis, P Carder, P Burrows, N Sharma
- 69 **Abstract withdrawn**

- 70 **Variations in excision biopsy rates for women with B3/C3 results do not account for high benign open biopsy rates in the NHS Breast Screening Programme: a regional study**
RM Watkins, F Johnson, A Mayer, A Bennett, DJ Harker, D Parham
- 71 **Integration of the independent sector and the National Health Service in breast radiology: a working example**
RJ Currie, RR Davies
- 72 **Effectiveness of screening a small population**
ML Gaunt, K Darley
- 73 **Implementing barcode film-reading in the National Health Service Breast Screening Programme: the good, the bad and the ugly**
ME Wheaton, K Stoddard
- 74 **What makes a good mammographer? Looking at the homogeneity of those groups who perform best and least well on the PERFORMS self-assessment scheme**
HJ Scott, AG Gale
- 75 **Abstract withdrawn**
- 76 **Digital screening on a mobile unit: the Coventry experience**
S Hoffmeister, A Stanton
- 77 **Managing interval cancers**
J Hackney, L Chapman
- 78 **Initial experience with a new ultrasound imaging technique to measure tissue viscoelasticity**
J Souquet, A Athanasiou, M Fink, J Bercoff, M Tanter, A Tardivon, T Deffieux, JL Gennisson
- 79 **Assessing mammography film-reader performance**
LS Wilkinson, P Taylor, H Potts
- 80 **Lateral-approach stereotactic vacuum-assisted 10 G breast biopsy using Vacora for indeterminate microcalcifications: results of a single-institution assessment of 172 procedures**
EM Vanherreweghe, M Mortier, R Van den Broecke, H Depypere, M Praet, G Villeirs
- 81 **Promoting early presentation of breast cancer amongst older women: radiographers' experiences of taking on a new role**
L Tucker, L Omar, C Burgess, L Kedge, P Whelehan, A Ramirez
- 82 **Does size matter? A review of screen-detected microcalcifications seen at breast screening assessment**
LIG Haigh
- 83 **Imaging features of male breast cancer: a pictorial review**
CR Lloyd, PL Scott-Mackie, RD Leach, CS Ward
- 84 **Eliciting requirements for a mammography training application**
PM Taylor, M Hartswood, L Blot, S Anderson, L Wilkinson, E Anderson, R Proctor
- 85 **Mammographic interpretation training: what exactly do film-readers want?**
Y Chen, A Gale, H Scott
- 86 **A review of breast cancers found in the Welsh Family History screening programme**
S Bolt, J Jones, M Rogers, J Evans, K Gower Thomas
- 87 **Common uses of immunohistochemistry in interpreting lesions of the breast: a pictorial review**
T Hoang, R Rattan
- 88 **The scope for a rapid digitiser of mammograms and other large-file, high-resolution images**
R Grant, M Alsewan
